First yearly retreat
of the IRTG

06.06.2019 - 07.06.2019

Location:
Adventure Camp Schnitzmühle
Schnitzmühle 1
94234 Viechtach / Bayerischer Wald
06.06.2019

12:00 Arrival and Lunch

Chairs & coordinators: Matthias Edinger, Friederike Berberich-Siebelt, Anita Kremer

13:15 – 14:00 Keynote Lecture: 
An introduction to next generation sequencing
Michael Rehli, Regensburg

14:00 – 14:30 BPI influences the correlation of enterococcal mono-domination and graft-versus-host disease through microbiome and immune shaping effects
Katharina Ederer

14:30 – 15:00 Immune cell regulation by vitamin D during allogeneic hematopoietic stem cell transplantation (HSCT)
Cindy Flamann

15:00 – 15:30 Coffee Break

15:30 – 16:00 Targeting the reciprocal interaction of GvHD and atherosclerosis after allogeneic HSCT
Ivana Jorgacevic

16:00 – 16:30 Exploring and engineering of mouse and human tissue resident regulatory T cell subsets with tissue reparative abilities
Lieke Sanderink

16:30 – 17:00 Harnessing tissue homeostasis-promoting functions of specialized regulatory T cells in graft-versus-host disease
Asmita Pant

17:00 – 17:30 Gene expression profiles and T cell receptor repertoires of in vitro expanded donor regulatory T cells in the prophylaxis of acute graft-versus-host-disease
David Dittmar

17:30 – 18:00 Regulation of immunological checkpoints in human mesenchymal stromal cells
Vivien Strauch

From 19:00 Dinner – Grill BBQ at the Bongo Bar
07.06.2019

From 07:00  Breakfast

08:45 – 09:30  Keynote Lecture:
  Signal transduction in T cells
  Friederike Berberich-Siebelt, Würzburg

09:30 – 10:00  Studies on microbial and immune-mediated mechanisms of microbiota-dependent intestinal inflammation
  Timo Kunert

10:00 – 10:30  Generation, molecular characteristics and effector mechanisms of human CSF2+ T cells in Graft-versus-Host disease
  Sindhu Thiagarajan

10:30 – 11:00  Coffee Break

11:00 – 11:30  Selective Inhibition of the transcription factor NFAT in graft-versus-host disease
  Snigdha Majumder

11:30 – 12:00  Selective inhibition of the transcription factor NFAT in mitigating graft-versus-host disease
  Rishav Seal

12:00 – 12:30  Oxidative stress upon allogeneic hematopoietic stem cell transplantation and its impact on the reconstituting immune system
  Franziska Karl

12:30 – 13:00  Deciphering the role of HLA-DO in immune responses after allogeneic stem cell transplantation
  Julia Zeun

13:00  Lunch

14:00  Departure
Organisation:
Dr. Christin Riegel
University Hospital Regensburg
Franz-Josef-Strauß-Allee 11
93053 Regensburg
Tel.: 0941 944-5341
Email: christin.riegel@ukr.de

Heidi Schwelle
University Hospital Regensburg
Franz-Josef-Strauß-Allee 11
93053 Regensburg
Tel.: 0941 944-5341
Email: heidi.schwelle@ukr.de
